## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 5 and 10-14 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The closest references the Examiner was able to locate were:

- a) Conard US 5,080,245. The reference fails to teach a groove formed in the cap portion.

Examiner notes the bridge (23) does not comprise an undercut formed <sup>on</sup> ~~in~~ a groove in the cap portion.

Examiner interprets the word "in" to imply the undercut and groove are completely defined by the cap.

Conard '245 only appears to teach a recessed edge portion of a flange/bridge (23). Furthermore no motivation could be found to modify the reference to alleviate the deficiency.

- b) Hansen US 4,501,372. The reference fails to teach a groove formed in the cap portion.

Furthermore no motivation could be found to modify the reference to alleviate the deficiency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**
